Supplementary Material for
Neural View Synthesis and Matching
for Semi-Supervised Few-Shot Learning of 3D Pose

1   Anchor Images for Semi-Supervised Learning

For each category we manual pick 7 images under variant viewpoint for the 7 annotated image settings. Here we show all the images we manually picked.

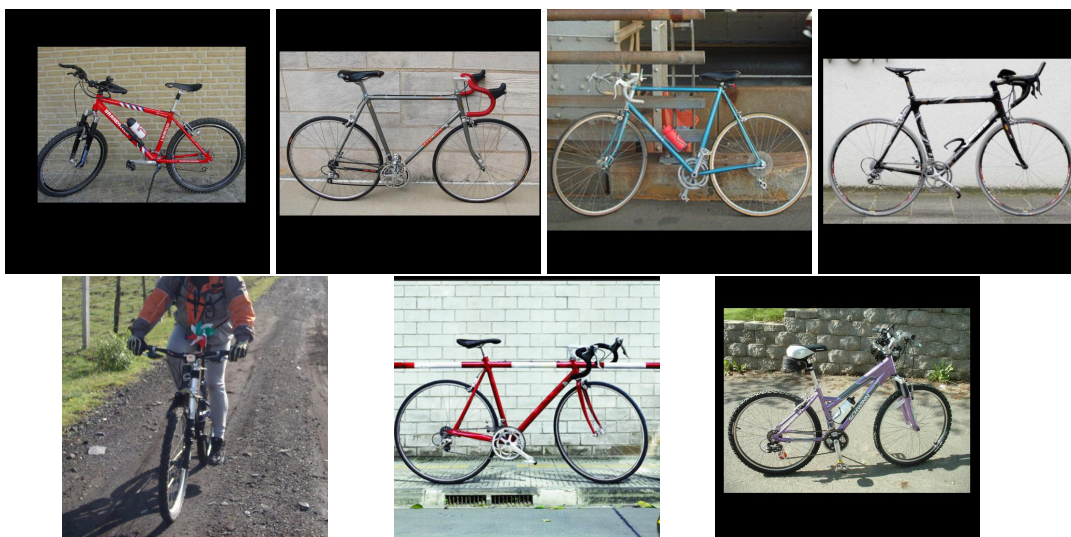
Figure 1: Anchor Images for Aeroplane Category in PASCAL3D+ dataset.


Figure 2: Anchor Images for Bicycle Category in PASCAL3D+ dataset.

Figure 3: Anchor Images for Boat Category in PASCAL3D+ dataset.

Figure 4: Anchor Images for Bus Category in PASCAL3D+ dataset.

Figure 5: Anchor Images for Car Category in PASCAL3D+ dataset.

Figure 6: Anchor Images for Motorbike Category in PASCAL3D+ dataset.

Figure 7: Anchor Images for KITTI dataset.
