[NeurIPS 2022 Dataset and Benchmark Track] Supplementary Materials README

This is the README file for the supplementary materials for the paper titled:

GLOBEM Dataset: Multi-Year Datasets for Longitudinal Human Behavior Modeling Generalization

We provide a brief overview of all files in the supplementary folder. We highly recommend readers to watch the introductory video first, which provides a short summary of the content of our paper. The file `GLOBEM_full.pdf` contains the main paper and all appendices.
